INTEREST GROWING

In the Win-My-Chain Week Services at the Third Street M. E. Church being held this week—Rev. H. Kerr Taylor was the speaker last night.

The fifth service of the Win-My-Chain Week meetings, held in the Third Street M. E. Church last night, was addressed by the Rev. H. Kerr Taylor, pastor of the Central Presbyterian Church. A medium sized crowd was present.

Mr. Taylor's subject, "Lost in the Crowd," was very interesting and well handled by him. Mr. Taylor will soon leave for China to engage in missionary work, and though he was somewhat busy preparing for his leave taking, Mr. Taylor kindly consented to lead the service. Mr. Taylor is one of the best speakers of the week and his address was thoroughly enjoyed. Miss Lillian Muse sang a very beautiful solo at the service, "My Task."

As an added attraction for the last night's service, Rev. O. C. Rangan, assistant evangelist of the Hunnewell Evangelistic party, sang a beautiful solo, "He Will Not Let Me Fall." Mr. Rangan was passing through the city and stopped at the church for the service. He is well known to a great number of Maysville people, having preached at Vanceburg for some time and having been at Ruggles Camp-meeting.

The pastor of the church will lead again tonight with the subject, "Consecrating One's Service to the Home Church." Miss Phoebe Huron will sing at the service, "Send Me." Everyone invited.

FIRE

Sweeps the Interior of the Store of J. J. Lingensfelder on East Second Street This Morning at an Early Hour.

About 1 o'clock this morning the store of Mr. J. J. Lingensfelder on East Second street was partially destroyed by fire. No estimate could be made as to the total loss but it will be very large.

The family were sleeping in the rooms directly above the store. Mrs. Lingensfelder was awakened by smoke fumes. Hastily arousing the rest of the family they ran down stairs without stopping to fully dress. They found the entire interior of the store room in flames and upon attempting to return to the upstairs to get their clothes they found that they were unable to do so. An alarm was immediately turned in and the Kinney Mac responded quickly as possible. Mr. Lingensfelder had had some headway toward extinguishing the fire with water and the firemen flushed the work with chemicals.

The entire interior of the store was completely ruined. It was indeed fortunate that no coal oil or gasoline was stored in the building or disastrous results might have occurred. Mr. Lingensfelder had just put in a new stock of canned goods and had fixed up the store generally. His loss will be very great.

This is the second time Mr. Lingensfelder has sustained a large loss by fire within the past three years. Recently he lost a home on East Second street by fire.

CALIFORNIA'S 13 VOTES RETURN PRESIDENT TO THE WHITE HOUSE

DEMOCRATIC LEADER ASSURED OF 269 BALLOTS IN ELECTORAL COLLEGE—PROBABLY SEVEN MORE

New Mexico and New Hampshire, Listed As Doubtful, May Add To Safe Majority Already Counted For Present Chief Executive

CONTEST OF VOTE IS PROBABLE—PROMISE OF SHARP WATCH OF RECOUNT IS MADE

Minnesota and West Virginia, Only States Not Accounted For, Show Lead For Hughes—Complete Returns May Not Be Known For Several Days

San Francisco, Nov. 9.—Returns from 527 of 633 precincts in New Mexico gives Hughes 31,654; Wilson 33,015.

San Francisco, Nov. 9.—Returns from 5,834 of 5,870 precincts in California give Hughes 462,538; Wilson 465,668. Wilson's plurality 3,131.

New York, Nov. 9.—Fifty hours after the polls closed in California Republican Chairman Rowell conceded the state to the President. Thus the thirteen votes needed to assure the President a majority in the electoral college dropped into the Democratic column and apparently ended the suspense and anxiety of an election which has been unparalleled in American political history. Republican Chairman Willcox when informed that the President had carried California only replied:

"I have nothing to say." Secretary Tammity at the snower White House at Shadow Lawn, sent the new by wireless to President Wilson on the yacht Mayflower, en route to Rhine Cliff, New York.

The California results showed that with only forty-eight districts missing, the President's plurality in the state was 2,970.

Barring some wholly unexpected turnover in the incomplete states leaning toward Wilson or a change on a recount, California's acquisition to the Democratic column gave the President 269 electoral votes without New Mexico's three. In New Mexico at midnight, the President was leading by 2,634 votes, with 158 districts missing, and it was not believed this advantage could be overcome by Mr. Hughes.

Both Sides Consider Recount

Conceding West Virginia, New Hampshire and Minnesota to Mr. Hughes—and he was in the lead in all three—only gives him 259 votes, even less than the required majority. With 272 votes in sight, President Wilson had six to spare for a possible split of electors in California or a sudden reversal in New Mexico. At Republican National committee headquarters it was admitted after conferences between George W. Wickersham, Everett Colby, of New Jersey, Mr. Hughes, Chairman Willcox and George W. Perkins, of New York, preparations were being made to bring legal proceedings for recounts in states where the results were close.

Chairman Willcox included California, New Mexico, North Dakota, New Hampshire and Minnesota in his list of states where recounts undoubtedly would be demanded.

Democratic headquarters was not behind the Republicans in preparing for legal developments. Chairman McCormick conferred with Alton B. Parker, former Democratic candidate for President; Morgan J. O'Brien, Delaney Nicoll, John B. Stanchfield, all prominent New York lawyers. It was evident that if the election was taken into court the legal giants of both parties were being marshalled for such a battle royal as the United States has never seen.

In an official statement, the Democratic National committee claimed 272 votes for President Wilson and a plurality of from 200,000 to 300,000.

"To say there will be any contests," declared the statement, "is an insult to the intelligence of the American people."

It probably will still be another day before the full results are known from any of the four states left in the doubtful column, and certainly not until there has been an official count in New Hampshire and possibly in Minnesota. As Mr. Hughes is leading in Minnesota and West Virginia and a change in the states could in no wise affect the result, there may be no demand for extraordinary haste to bring about the recount demanded.

Virtually all the states where the result is close are carried in the Hughes column and for that reason the Democrats profess to be not apprehensive that any overturning could come from a recount.

MOUNTAINS, DESERTS HOLD MISSING VOTES

RETURNS FROM ISOLATED CALIFORNIA COUNTIES MAY NOT BE MADE UNTIL AFTER TODAY—BOTH SIDES WILL WATCH THE RECOUNT

Republican Chairman Concedes Golden State To President Wilson—Plurality Is 2,970—Divided Electoral Vote May Result, Is Opinion of G. O. P. Leader

San Francisco, Cal., Nov. 9.—Except in the event of some exceptional happenings, President Wilson has carried California, Republican Chairman Rowell conceded at 8:25 o'clock tonight.

Mr. Rowell conceded the state after reviewing returns showing a plurality of 2,970 for Wilson, with only forty-eight scattered precincts of the state incomplete.

These returns showed forty-two of fifty-eight counties in the state completed. In all but ten counties in the state returns have been back-checked and corrected. The possibility of error was thus reduced to a minimum.

Efforts continued through the night to bring in the few remaining isolated precincts, two or three to the county in most instances. One precinct on the border of Lake Tahoe might be missing for days, it was said. The telephone was broken and all efforts to communicate from Placerville, forty miles away, were fruitless.

Concessions of the state for Wilson on the face of the returns altered in no way the determination of both parties to keep a sharp watch on the semi-official count by county clerks, and the final official count by the Secretary of State. With a plurality of less than 3,000 in more than 300,000, the difference of one vote in each precinct might change the whole result.

PAYING OTHER PEOPLE'S BILLS

When you contract a bill in commercial life you pay the debt and do not ask others to pay it for you.

The same, however, can not be said of Congress or the government of the United States.

There are thousands of men serving in the National Guard regiments on the border who have left families or dependent relatives behind without the necessary means of sustaining life while the bread winner is away serving his country.

In many cases the business employers of these soldiers have voluntarily been paying their employees their salaries while they are with the army. In such cases the families do not suffer, but it is a hardship on the employer.

In other cases the dependent families are supported by local contributions, which amounts to nothing less than charity.

IS THIS RIGHT?

Should the government of the United States, the richest nation in the world, expect the dependent families of its soldiers to be supported by private charity or starve to death?

Is a system that permits such conditions to exist conducive to patriotism on the part of the young married men of the country?

IT IS NOT.

As it stands today a few patriotic employers and private citizens are bearing the burden that should be placed upon the shoulders of all of the people through means of general taxation.

When the welfare of the nation requires the placing of an army in the field the expense of such an army, of every nature, should be borne from the public funds, and no individual citizen should be asked or expected to pay more than his just portion.

It is within the power of congress to right this wrong if it so desires, and for the sake of our young men in the ranks, of their families at home, AND FOR THE SAKE OF COMMON DECENCY it is to be hoped that for once congress will not shirk its plain duty.

It may be that beauty is only skin deep, but the well turned ankle catches the public eye.

Nothing is hard to keep than a girl who fancies the other fellow.

AGENT

Of Kaiser Put to Death, Or Is Being Held For Ransom by Bandits, Report Says—Execution of American Confirmed By Foreigner.

El Paso, Texas, November 8.—A report was received here late last night from Chihuahua that Edgar Koch, German Consular Agent at Parrel, either was killed or was being held for ransom by Villa bandits in the vicinity of Santa Rosalia.

Koch is believed to have started from Parrel with the \$50,000 worth of silver bars for an American mining company, which is reported to have been taken from him at Santa Rosalia by Villa bandits, and a subsequent report says he had been executed.

Albert Harold, the American who was arrested at Guadalupe, southeast of Juarez, on a charge of cattle stealing and sent to Chihuahua City by the military authorities, has been liberated according to a message by his friends here today. According to them Harold was sentenced to be shot. He now is on his way to the border. Eleven cowboys who were arrested at the same time were also released in Juarez today.

General Alvarado Obregon, Mexican Minister of War, has ordered another division from Coahuila to proceed against the Villa bandits in Chihuahua, he stated in a message to Mexican Consul Eduardo Soriano Bravo here today. These troops will re-enforce the recently organized division under General Francisco Murguía, which is proceeding northward from Escalon, according to messages received from Chihuahua City. Obregon added that his reports from Torreon indicated everything was quiet.

A foreigner who arrived here from Santa Rosalia late last night confirmed the report of Dr. C. H. Fisher's execution by Villa bandits at Santa Rosalia following capture of the town by Villa October 26. The foreigner stated Dr. Fisher was stabbed to death by the bandits.

The foreigner also confirmed the report that Villa bandits cut the ears from many Carranza soldiers, and unspeakably mutilated the Carranza officers. Villa was reported to be at La Generala Rauch, near Parrel.

Unconfirmed reports of a battle between the Villa bandits and the reorganized Carranza troops at Dorado, Chihuahua, between Parrel and Jimenez, Friday and Saturday, have been received here by United States Government agents and by Carranza officials.

AMERICAN-HAWAIIAN VESSEL IS SHELLED BY U-BOAT

London, November 8.—The American-Hawaiian steamship Columbian, of 8,679 tons gross, is sending out wireless telegraph calls for help, stating that she is being shelled by a submarine, according to information received by the Admiralty about 4 o'clock this afternoon.

New York, November 8.—The steamship Columbian sailed from New York October 18 and Boston October 21, bound for Genoa. The vessel touched at St. Nazaire, France, November 2, leaving the following day for Italy. The Columbian was built at San Francisco in 1907 and is owned by the American-Hawaiian Steamship Company of New York.

She is under American registry and is a freighter, carrying no passengers and a crew of about 113 officers and men.

She was under charter by the France and Canada Steamship Company, with offices in New York. She discharged a cargo of horses at St. Nazaire, France, and continued on for Genoa laden with iron and steel taken on at New York. Being an American vessel she was unarmed.

Most of the Columbian's crew were Americans, the steamship officials here said. The vessel was a sister ship to the Kanawha, which the German submarine U-53 held up off Nantucket a few weeks ago.

TEST SUIT FILED BY UNION PACIFIC ATTACKING THE CONSTITUTIONALITY OF THE ADAMSON EIGHT-HOUR LAW

Omaha, Nebraska, November 8.—The Union Pacific Railroad filed suit in Federal Court here today to test the constitutionality of the eight-hour law recently passed by Congress and known as the Adamson act. Thomas S. Allen, United States District Attorney, and four Union Pacific trainmen, representing the different railroad brotherhoods, are made parties defendant.

The bill of complaint alleges that the law is unconstitutional because it is not a proper regulation of interstate commerce, because it violates the guarantees of the fifth amendment to the Federal constitution, and because it is unworkable as applied to existing conditions under which the trainmen are operating. The bill of complaint is a printed document of considerable size, and contains copies of all the schedules under which the trainmen work.

CIVILIANS TRANSPORTED AS CAPTIVES SAYS BELGIAN GOVERNMENT, WHICH WILL PROTEST TO NEUTRALS AGAINST DEPORTATIONS TO GERMAN

Hayre, November 8.—The Belgian Government has decided to protest to neutral Governments against the deportation of Belgians and their alleged employment of forced labor in German factories and in military work at Verdun.

The Documentary Bureau of the Belgian Minister of War, in making public this announcement, says the Government has positive information that 15,000 Belgian men and a number of French civilians forcibly were taken between October 15 and 24 from various parts of Belgium, the two Flanders and the regions of Tournai and Mons.

"The unfortunate," says the note, "were crowded into cars, exposed to intemperate weather and sent as captives to various destinations, certain of them to Germany and others to the Verdun front. There can be no doubt that most of them were employed on work of a military character. The Belgian Government has decided to protest solemnly to neutral countries against this particularly abominable violation of Article 3 of The Hague Convention.

LIFE IS A REIGN OF TERROR

(American Magazine)
For most men life is a modified reign of terror. Three Fears get up with them in the morning and go to bed with them at night. They do not confess to one another that they are afraid; but their wives know.

At night, after the children have been sent to bed, they sit by the fire, the average man and his wife, and face their three Fears:

First—The fear of the loss of the job.
Second—The fear of bad health.
Third—The fear of a dependent old age.

RUMOR OF A BREAK IN WILSON'S CABINET STIRS WASHINGTON

Washington, November 8.—There will be a break soon in the President's Cabinet was a report that traveled fast here today. It was rumored that Secretary of War Baker had said that he intends to quit his portfolio

whether Wilson is re-elected or not. Newspaper men who swarmed to Baker's office to ask him about it were not successful in seeing him, but he sent out word by his secretary that "there is nothing to that report." The rumor of early retirement of Secretary of Commerce Redfield also is afloat again.

EXPLOSION OF HOME WRECKS PLANE, KILLING TWO UNITED STATES AERO OFFICERS.

Washington, November 8.—Naval Lieutenants Luther Welsh and C. K. Bronson were killed at Indian Head, Md., late today by the premature explosion of an airplane bomb while testing bombs designed for use against war vessels.

The reports of the accident to the Navy Department from the Inspector of Ordnance at the naval proving ground said the bomb detonated immediately beneath an airplane in which the officers were flying. Apparently it struck some part of the machine, when it was discharged.

Witnesses saw the airplane break in two and fall into the Potomac River, but no trace of it has been found.

Lieutenant Bronson was born in Illinois and appointed to the Naval Academy from New York. He was attached to the naval aeronautic station at Pensacola, Fla., and recently was ordered to Indian Head to conduct the airplane part of the ordnance tests. Lieutenant Welsh was born in and appointed from Missouri. He was stationed as an ordnance officer at the Indian Head proving ground and was with Lieutenant Bronson as a passenger when the explosion occurred.

DEMOCRATIC CRY OF FRAUD IS AN ALIBI EFFORT, 'TIS SAID

New York, November 8.—Declaring they were confident President Wilson had won "a complete victory," Democratic leaders tonight announced they were convinced an attempted was in progress to "steal the election."

Attorney General Gregory was at national headquarters, and it was said he had conferred with Chairman McCormick and other leaders to see that all ballot boxes in doubtful States are guarded.

In addition the announcement was made that if the President is confirmed in re-election he will endeavor to have Congress force a complete investigation of the alleged use of any "slush fund" in certain Eastern States.

When Republican leaders heard this report they laughed heartily and declared that it was "the commencement of an effort to alibi."

A MAYSVILLE INQUIRY

Answered by the State of a Maysville Resident.

When first the long series of reports of Maysville people who have been relieved by Doan's Kidney Pills were published in the local press, great enthusiasm and interest were aroused. But Maysville is now inquiring "How are these people keeping today? How has the benefit they received withstood the test of time?" For that, after all, is the essential test of a cure. On this point doubt can no longer exist, for after many years those who have been cured, emphatically declare their cures to be lasting.

Frederick Dresel, 1238 E. Second St., Maysville, says: "I was troubled with inflammation of the bladder and an annoyance from my kidneys. The passages of the kidney secretions were irregular and I had a severe pain across the small of my back, which interfered with my duties. I got Doan's Kidney Pills at Wood & Son's Drug Store and one box gave me prompt relief."

NO TROUBLE SINCE
OVER THREE YEARS LATER, Mr. Dresel said: "I haven't had any kidney trouble since I used Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dresel has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

WASHINGTON IS SILENT ON SINKING OF ARABIC

Washington, November 8.—The attitude of the American Government in connection with the sinking of the steamer Arabic in the Mediterranean Monday probably will depend on whether any Americans were aboard. The State Department was without official information today on the sinking, but expected a report from diplomatic officers as soon as the facts were established.

AGAIN

A Hung Jury Results in the Case of the Commonwealth Against Robert Outten for Having Liquor in His Possession for the Purpose of Sale.

Robert Outten, charged with having liquor in his possession for the purpose of sale, was again tried before Squire Bauer yesterday afternoon. The jury could not agree on a verdict.

Outten was arrested Tuesday by Chief of Police James Mackey, who found a bottle of whiskey in his possession. Outten had been seen coming from Ripley several times with a basket, and on Tuesday he had been seen talking to several men and later meeting them. The officers suspected that he was guilty of bootlegging and after watching him for some time determined to apprehend him. He was tried before Squire Bauer Tuesday afternoon, but the jury could not agree and was dismissed.

Outten claimed that he was going to the country and had the bottle in his pocket for consumption during his absence. He said that he had been going to Ripley frequently in the past three weeks but each time had brought back beer and a small quantity of whiskey. The jury composed of Messrs. J. D. Easton, I. N. Wood, J. W. Elgin, Charles Traxel, Robert Wells, and William Tolle, could not reach an agreement as to the guilt of Outten. It is understood that three were for acquittal and three for conviction.

MOUNTAINS, DESERTS HOLD MISSING VOTES

(Continued from first page.)

ident Wilson has carried California by 2,000.

The telegram was addressed to Homer S. Cummings, New York, and Charles F. Horner, chairman of the speakers' bureau in that city.

The telegram read: "After repeated communications with every county in the state we can positively assert that President Wilson has carried California by 2,000."

After making the statement to the Associated Press conceding California to Wilson, Chairman Rowell carried on a conversation by wire with George W. Perkins, who was in the office of the National Republican Committee in New York. Later Mr. Rowell made this added statement to the Associated Press:

"While the face of the returns as compiled by the Associated Press shows Wilson ahead in California, so many startling changes have happened in the count during the last twelve hours that it will not do to reach final conclusion on anything less than final information. The official count begins Monday and we shall watch the counting of every vote in every county seat in the state."

Split Vote, Says Rowell.
"I estimate that there will be a difference of 4,000 to 5,000 between the high and low man on the electoral ticket, and this is greater than any possible majority in California. This means a split electoral vote."

The announcement that Mr. Rowell had conceded California to President Wilson was not unexpected, said Q. K. Cushing, chairman of the Democratic Central Committee.

"From the information we have received from all counties in the state we confidently expect that President Wilson's majority in California will not be less than 3,200. In order that a proper count is assured in the state, the Democratic committee is offering a reward of \$5,000 for evidence showing tampering with the ballot boxes or other irregularities."

Returns at 7 o'clock tonight gave President Wilson a plurality in California of 3,112, over Hughes. D. K. Cushing, chairman of the Democratic State Central Committee, claimed the State for Wilson by 3,100. Chester H. Rowell, chairman of the Republican State Central Committee, declared the returns showed a virtual tie, to be determined only by a recount, and said that no definite prediction could be made.

Returns from 5,805 of 5,870 precincts give Hughes 461,385, Wilson 464,497.

Divided Vote Possible
The missing sixty-five precincts are from counties about evenly divided politically. The State complete may not be counted for twenty-four hours. It seemed likely that the official count will be required to determine the result.

Frank G. Jordan, Secretary of State, predicted late today that the electoral vote would be split, as was the case four years ago in this State. He said an official count under his supervision probably would start next Thursday.

Registrar Harry Zemansky, of San Francisco County, expressed doubt that the electoral vote would be split. He based his position on the fact that a California ballot permits voting for all electors of one party by marking a single square.

Distant Precincts Missing

Mountain fastnesses and desert wastes hid most of the missing precincts in the State tonight. To many of these there was no telephonic communication. Humboldt County, in the extreme northwestern part of the State, awaited anxiously returns from eight precincts, reached only by stage. For more than 500 miles the snow peaks of the Sierras block communication in a half score of counties, passes and trails being drifted over. Farther south the eastern slopes grade down into deserts and sage brush, where stages run only intermittently. The large cities and the fertile valleys which reach for hundreds of miles north and south from San Francisco were well accounted for, as were the sea coast counties in the main.

Starting the day with a plurality of more than 3,000 for President Wilson, the count slumped as additional Los Angeles precincts were heard from and a recalculation of figures, benefiting Hughes by 1,930 votes, cut the Wilson lead to 500 votes soon after noon. In the late day, however, mountain counties came in with consistent Wilson pluralities until at midnight a more decided Democratic lead was re-established.

Leaders of both parties affirm their intention of protecting the recount to the limit. Secret service men watched all day in Los Angeles, Oakland and Sacramento, Mr. Cushing unmoored toward evening.

Miss Allie McNamara of West Second street left yesterday on a week's visit with relatives and friends in South Portsmouth, Ky.

G. O. P. MAY ASK RECOUNT

Personal Advisers in Conference With Hughes; Still Confident—Statement Refused—Possibility of Division of Electoral Vote in California Discussed.

New York, November 9.—Charles E. Hughes spent today much as he did yesterday, studying election returns. The nominee and his wife remained indoors all day except for a two-hour motor ride in the afternoon, but decided to relax the vigilance of their watch tonight and went to a theater.

Mr. Hughes' day was punctuated by conferences with William R. Willcox, the Republican chairman; George W. Wickersham and Everett Colby and George W. Perkins, of the Republican National Committee. Mr. Willcox assured the nominee of his conviction that full returns would show the success of the Republican ticket. To this Mr. Perkins added assurance that California, Minnesota and New Mexico undoubtedly would be found in the Republican column after the count had been completed.

Mr. Wickersham declined to comment on his visit to the nominee, as did Mr. Colby. The former said he was present merely "as a volunteer helper." Mr. Willcox, on leaving, said there probably would be recounts in all of the States that are close, and that he would do all that was necessary "to safeguard our interests."

Another subject mentioned at the conference with the nominee was the possibility that California might divide its electoral vote, as in 1912. At that hour the returns from the State were closer than at any previous period of the day. That contingency, however, was regarded as a possibility rather than a probability.

For the first time in three nights the nominee's personal staff was given an opportunity to get a full night's rest. Mr. Hughes dismissed them all when he went to the theater and smilingly instructed them not to return until tomorrow. He declined to discuss the situation, saying he preferred to say nothing until the returns from doubtful States were all in.
